

**The RA MES State Committee of Science MES and CNRS France Scientific Collaboration**

**International Exchanges (IE) Bilateral Program  
Winners of 2011-2013 Joint Call**

<b>SCS code</b>	<b>Project leaders</b>	<b>Organizations</b>	<b>Project title</b>
IE-019	Artashes Petrosian Kunth Daniel	Byurakan Astrophysical Observatory Institut d'Astrophysique de Paris	Supernovae Host Galaxies in SDSS DR8
IE-021	Ara Grigoryan Jean-Yves Grossiord	A.I. Alikhanyan National Science Laboratory Université de Lyon, Université Lyon 1	CERN ALICE experiment: analysis of data at low invariant mass of lepton pairs and development of software for Geometry Monitoring System of Muon spectrometer
IE-034	Ashot Saghyan Henri Kagan	Yerevan State University Université Paris-Sud	Dependency of stereoselectivity of reactions for synthesis of glutamic acid from the enantiomeric excess of chiral catalysts BIMBOL and its salts
IE-028	Romen Martirosov Yves Gallant	A.I. Alikhanyan National Science Laboratory Laboratoire Univers et Particules de Montpellier	Study of fine structure of the primary cosmic ray energy spectrum with the GAMMA experiment at Mt. Aragats
IE-026	Mikayel Harutyunyan Briot Sébastien	State Engineering University of Armenia IRCCyN de Nantes (France)	Conceptual design and development of new devices for rehabilitation and facilitation of human body motive functions
IE-017	Nerses Ananikyan (Ananikian) Dima Shepelyansky (Chepelianskii)	A.I. Alikhanyan National Science Laboratory Université Paul Sabatier, Toulouse	Classical and Quantum Chaos (CLASSQUANT)
